

# elkuch<sup>®</sup> Sewer pipe fittings

## Convenient application - Long-lasting performance

Due to their advantages, PP moulded parts are being used more and more frequently in Switzerland, as well as in Germany and Austria, for property drainage and in sewage systems. In addition to the fact that they can be stored outdoors for virtually longer, they are more form-stable and resistant to cold. A selection of convincing PP sewer pipe fittings is available in the product range of Franz Elkuch AG:

PP Formteile (incl. sealing)	d 110	d 125	d 160	d 200	d 250	d 315	d 400
Double sleeve	√	√	√	√	√	√	upon request
Slip-over sleeve	√	√	√	√	√	√	upon request
Bend	15°/30°/45°	15°/30°/45°	15°/30°/45°	15°/30°/45°	/	/	/
Splitter	110/110/45°	125/125/45°	160/160/45°	200/160/45°	/	/	/
Reductions	/	125/110	160/125	200/160	/	/	/

## Beneficial properties of all dimensions

- SKZ tested according to EN-1852 in association with DIN SPEC 1020
- PP free of fillers
- UV-resistant
- Colour ex stock: green
